About Us

Home Health Services

Why Home Health Care

- Allows you to receive quality care in the privacy and familiar surroundings of your own home.
- Allows family to participate in your care.
- Allows you to receive care specifically designed for your conditions at a lower cost.
- Allows for shorter hospital stays.

Home Health Care provides a less expensive alternative to hospital or nursing home for patients needing occasional intermittent care.

Eligibility

To qualify for home health care you must:

1. Be homebound.
2. Be under the care of a physician
3. Require intermittent care given under professional supervision, which can be satisfactorily continued in the home. Or it should be felt that the patient would respond better in the home than in an institution.
